NOTICE OF EASEMENT

Notice is hereby given that the Tularosa Community Ditch (TCD) is re-recording the restrictions from drilling wells along Tularosa Creek on land previously owned by TCD. Restrictions were originally recorded in May of 1973 at the Assessor's office in Book 397 Page 365 as follows:

“Grantee, his heirs, administrators executors, successors or assigns shall be prohibited and restricted from drilling or operating any water well within 150 feet of the middle of the canyon of Tularosa Creek, on either side, and this covenant shall be appurtenant to the land and run with the land, and shall be binding upon any future conveyances of any part of the land.”
